No one's education is complete if he has not learned to save his hard-earned dollars. How many times in your life have you wished you had the money you knew you had thrown away foolishly. Dollars planted in the bank are like seeds planted in the ground; they grow.

LOCAL GLEANINGS

We forgot to mention, in our last week's base ball items, the visit paid us by the Iron River band a week ago last Sunday. The boys came over to help cheer their team to victory and while they were unable to do that much, they did greatly please the many fans by the music they rendered. Iron River has a band that can perform in a manner that they need not be ashamed of. We hope to have the boys with us again soon.

Some vandal scratched all over the back of Chas. H. Watson's new car at the base ball park at Iron Mountain last Sunday. Iron Mountain has an undercurrent of lowness that seems to stoop to anything. Why anyone should do such an act as was done on Mr. Watson's car cannot well be imagined.

Captain S. C. Bennett was to have left England for his return trip last Wednesday, the 18th. He will be home about the 25th if all is well.

**SCHOOL
NOTES**

Fifteen teachers, all of whom are graduates of the Northern State Normal School, met Friday afternoon for the purpose of organizing a "Northern State Normal Alumni Association," which promises to be very active during the ensuing year. This association is the first organization of its kind in the Upper Peninsula. If the present plans are carried out, the N. S. N. A. will prove a source of pleasure to its members during the winter.

The annual Upper Peninsula Teacher's Association institute will be held in Iron Mountain Oct. 3 and 4. It will be largely attended by teachers of the Crystal Falls schools. Supt. W. D. Hill is president of the association this year and has arranged a program of rare interests, and one which promises to be just about the best ever held under the auspices of the association. Addresses will be given by Prof. Earl Barnes, Prof. S. D. Fess and Dr. Edward Amherst Ott. The first two are men of national prominence in educational circles, while Dr. Ott is one of the most noted lecturers on the American platform. In the section programs, Hon. L. L. Wright, Hon. Fred L. Keeler, President J. H. Kaye of the Northern State Normal School, Prof. W. H. French, M. A. C., Prof. A. S. Whitney, University of Michigan, and many other leading Michigan educators will speak.

Remember the Mande Stevens Concert Co., will open the lecture and entertainment course on Nov. 29. The sale of tickets for the course will be opened in a few days. The course tickets for adults will be two dollars and for children attending the school, one dollar. While the single admission price has not been fixed, it will, of course, be higher proportionately than that of the season tickets. The Mande Stevens Concert Co. will also open the season's course at Norway. This town and Florence are two of the other places in this section that are giving entertainment courses this winter, but their course includes one more number and therefore is more expensive than that of Crystal Falls.

The enrollment in the various grades of the high school is as follows:
Seniors, 21; 11a, 4; 11b, 15; 10a, 8; 10b, 24; 9a, 15; 9b, 25; commercial 4.

Just What Was Ordered

Oscar Widstrand, local man and foreman of this very respectable family journal, on Monday morning arrived "on the job" with a smile that would have caused the worst sort of a grinch or vinegar face to smile just a little. He was passing "smokes" to all his friends, too, and, following him very closely, it was possible to gather from his ceaseless line of talk that a fine, big, baby girl had arrived at his house Sunday morning. Oscar has a boy that is all boy, and all he needed to complete his happiness was the little bunch of sweetness that arrived Sunday morning. Both mother and baby are doing nicely, and it is hard to tell which smiles the more.—Mesabi Ore.
